## The ideal companion for travel groups

Taking a boat on Lake Constance is an experience, especially if you take the catamaran. Besides the car ferries, it is the only boat on the lake during the cold season. The double hull ship connects the two cities Constance and Friedrichshafen and reaches its destination in 52 minutes, which is hard to beat by car.

The docks in both cities are located in close proximity to parking spots for buses and to attractions such as Sea Life in Constance or the Zeppelin Museum in Friedrichshafen. Visitors can reach restaurants, hotels, bars and cafés in only a few minutes by foot.

But the catamaran itself is an attraction. Whether you stand on the bow enjoying the airstream or just sit in the cabin drinking a cappuccino next to the beautiful mountain panorama – the ride with this ship is always a special experience.
