TRIPS & TOURS

WELCOME TO LAKE CONSTANCE IN THE HEART OF EUROPE

Natural paradise, adventure land, place of longing: Lake Constance is more than Germany's largest inland waters. Those who call it the „Swabian Sea“ are not exaggerating: with an area of around 540 square kilometres, it offers plenty of opportunity to gaze into the distance and let your soul soar free. The 273-kilometre-long shore is shared by Germany, Austria and Switzerland - together with the nearby Principality of Liechtenstein, the area forms the so-called „four-country region“.

As international as the local residents are, so diverse is the landscape around Central Europe's third largest lake: turquoise water, islands full of palm trees and banana trees, mountains 2,500 metres high, clean, healthy air... A stay here is a balm for body and soul in every season.

The natural attractiveness of the region invites you to a wide range of activities; the list of sights and possible activities is long. There is as much to discover for water sports fans as there is for hiking enthusiasts. Those who love art and culture will be just as enthusiastic as those who enjoy culinary specialities.

Combining an individual offer from this wealth of offers that is exactly tailored to your needs - that is where our expertise lies. As your local contact, we are very familiar with local, regional and seasonal conditions and thus ensure that your stay will be a unforgettable experience. We offer you all organizational services from a single source: this is our promise to you and the standard by which you can measure us.

We have decades of experience in the field of international guest services; we can draw on a widely ramified, reliable network, and we are driven by absolute passion - for the region we live in and for what we do. That's why it is a matter of the heart for us to make the Lake Constance region an experience for you - with all its natural beauty, the high quality of life and authentic cordiality and hospitality.

We look forward to your inquiry - and to welcoming you soon in one of the most beautiful areas of Europe!

See you soon - Your team from Bodensee Trips & Tours

DISCOVER WHAT IS SPECIAL

NATURAL BEAUTY

The Lake Constance region fascinates with its scenic beauty and unspoilt nature in many places - here the world is still in order. Whether it's a sundowner by the crystal-clear lake, a winter walk through quiet woods or the enjoyment of delicious seasonal organic products: To respect and enjoy the cycle of nature is one of the secrets of success of the region, which you can discover together with us.

BOUNDLESS FREEDOM

If you travel in the Lake Constance region, you can cross four different national borders in one day - without having to overcome major language barriers. You can make yourself understood in German in Switzerland and Austria as well as in Liechtenstein. We will be happy to provide you with the most important regional idioms - because there are plenty of them.

GENUINE HOSPITALITY

Water dream, mountain top happiness, recreational effect: it's easy to feel good here. This is also due to the locals, who welcome their guests with sincere cordiality. Lake Constance connects people not only on the map, but also in their attitude to life. You too can enjoy this relaxed lifestyle full of charm and joy of life!

HEALTHY CLIMATE

Fresh, healthy air and a pleasant, almost Mediterranean climate - this is what the area has been appreciated for decades. It is not for nothing that the density of health resorts and spas is particularly high here: Lake Constance and the mountains, many wooded areas and extensive green spaces ensure that your stay is relaxing in all seasons.

GOOD TO KNOW

Information on travelling in the Lake Constance region

Seahouse Reutenen

Language

German is spoken throughout the region, sometimes with a regional or local dialect (Swabian, Vorarlbergerisch, Schwyzerdütsch/Swiss German). Due to the internationality of visitors to the region, you can also communicate with most service providers in English without any problems.

Currency

The official currency in Germany and Austria is the euro (€), while in Switzerland and the Principality of Liechtenstein it is the Swiss franc (CHF). As a rule, both currencies are accepted in border areas. In all four countries you can pay by credit card, but there are many smaller shops and restaurants where you can only pay cash. Tickets for public transport bought directly in the vehicle (e.g. ferry or bus) often also have to be paid for in cash.

Passport control

If you travel in the international Lake Constance region, it is very likely that you will cross a national border - sometimes even several times a day. While the border crossings between Germany and Austria are not checked, random passport checks are carried out at the Swiss and Liechtenstein borders. You should therefore always carry your identity card or passport with you.

Roaming

Because the four countries are so close to each other, mobile phones often book themselves automatically into international networks. Since June 2017 European users benefit from standardized roaming tariffs in 28 EU countries. These include Germany, Austria and the Principality of Liechtenstein - so there are no additional costs for EU users to make calls or surf the internet via mobile data. However, if a German mobile phone logs into the Swiss network and vice versa, this can lead to high roaming costs. It is therefore recommended to set the selection of the mobile network to „manual“.

-  **Water temperature** max. 19°C

Climate

The climate in the region is generally mild, as Lake Constance acts as a large heat reservoir. As a light breeze usually blows across the lake, oppressive heat is rare in the neighbouring regions. Average temperatures are slightly higher in the hilly surrounding areas, and then lower again in the mountains.

Spring

Spring usually arrives early at Lake Constance - fruit blossoming usually begins at the end of April. Temperatures then continue to rise slowly, making May and June ideal for hikers and cyclists in particular. If you're brave enough, you can swim in Lake Constance for the first time in May.

Summer

With average temperatures of 24°C, July and August are the hottest months. Near the mountains, however, thunderstorms can often occur. The so-called 'Föhn' causes strong swell, especially on the eastern shore of Lake Constance - but also provides fantastic views with miles of distant visibility.

Autumn

Lake Constance retains the warmth of summer for a long time - temperatures are pleasantly mild until autumn. The brightly coloured trees and the golden light are especially exciting for photographers. The humidity of Lake Constance often results in haze or fog, which also contributes to a very special atmosphere.

Winter

Winters at Lake Constance are rather mild, with fewer than 100 days of frost. At higher altitudes, however, it gets cooler and snowfall is more frequent. Lake Constance was completely frozen over for the last time in the winter of 1962/1963, and the cold, clear air also conjures up spectacular sunsets over the lake.

RESTAURANTS

Culinary diversity with regional characteristics

Anyone who travels and experiences a lot, is also hungry - and will enjoy the rich selection of local products the more you can enjoy. The cuisine of the four-country region is characterised by international elements - in both traditional and modern interpretations.

The variety of food and drink reflects the abundance of nature: Lake Constance is home to many different species of fish, cows graze on lush green pastures on the hills of the Allgäu and Switzerland, and vitamins ripen in their most beautiful form on the orchards. Much of what comes on the table here is the tasty end product of successful local harvests

Even if the presentation of some of the restaurants may seem traditional, behind the historic walls there are professional chefs at work, who conjure up contemporary and high-quality food on the table. Treat yourself to a large portion of quality of life during your stay!

High quality cuisine, stylish ambience, pleasurable moments: We take care of it.

LOCATIONS

Inselhalle Lindau

Multifaceted events in a stylish ambience

A good event location not only convinces through its optimal location and suitable rooms, but often also through that certain something. We work together with partner companies that offer just that. Thanks to our international network, we can provide you with the addresses that are best suited to your individual requirements.

Would you like to celebrate something in a small, exclusive setting? Or organise a large conference with several hundred participants? Do you need ultra-modern event technology, or is the natural surroundings with a view of the lake and mountains more important to you? Often we can even offer both!

In addition to the stationary locations, the ships on Lake Constance are also perfectly suited as locations - many of which can be booked exclusively.

Benefit from our local knowledge and get comprehensive advice.

Exclusive locations, uncomplicated handling, comprehensive support: we take care of it.

Zwanzigerstraße 10
88131 D-Lindau (Insel)

Inselhalle Lindau

The Inselhalle Lindau was modernised and generously extended by April 2018. With its modular room concept, the congress and event location offers a great deal of flexibility in the design of events of all kinds and sizes. All rooms are equipped with state-of-the-art conference technology.

- Up to 2,000 persons
- Price on request

- From 340 CHF
- Carmen Würth Hall and a further 16 meeting and seminar rooms

Many of the ships can also be rented as event locations - as well as the motor ship shown here „Sonnenkönigin“.

PRESENTATION BTT

View from the Lindauer Entenberg

**Our location is also a point of view:
the most beautiful lake in Europe.**

„Bodensee Trips & Tours“ (BTT) is a division of Lindau Tourismus und Kongress GmbH, which arranges hotel services and supporting programmes for group travel and business tourism /MICE. BTT thus acts as an incoming agency for the Lake Constance region.

We are Lake Constance fans with body and soul - and we share this enthusiasm. We are the first point of contact for guests visiting our beautiful region. Our services include detailed advice, booking accommodation and arranging excursions and incentives.

Whether for individual travellers, small or large groups, regional or international visitors - we are one of the biggest hosts at Lake Constance, and we love to be.

**We do not only look after visitors.
We fulfil dreams, serve desires and win fans.**

HOST WITH PASSION

This is how you benefit from our services:

• Customised packages

Arrival, cultural and sightseeing programme, catering, accommodation: Interested parties receive exactly the programme they want from us. You decide whether we take over the complete organisation or offer individual, combinable modules.

• Everything from a single source

One contact person, short distances, target-oriented mediation: All threads come together at our company, we act quickly and without complications. For our partners this means minimum effort with maximum results. We offer our support in German, English, French, Italian and Spanish.

• Cross-border networking

National borders hardly play a role for our guests - and for us neither. Our cooperation with partners in the region is based on what unites us: the common goal of providing our guests with an unforgettable stay.

From the first enquiry to the preparation of offers and programme coordination to the implementation with the guest groups on site and the subsequent final accounting: we take care of it!

BODENSEE

AIRPORT

The Bodensee-Airport Friedrichshafen is the southernmost airport in Germany. Its central location in the four-country region - Germany, Austria, Switzerland and Liechtenstein - makes it a popular destination for private and business travelers and offers a variety of direct and indirect connections to domestic and international destinations. With an annual passenger volume of around 500.000, the airport contributes significantly to the strength of the business location.
