Information

Wine Hiking in Weinfelden: The Thurgau lake Constance region is well known for its high class wine; get to know more about the local wine culture while walking the Wine Hike of Weinfelden. The trail is a loop that starts and ends at the train station of Weinfelden and can be done all year around. The Wine Trail leads directly to the lovely vineyards, passing by several wineries and offers a fantastic view over the village to Alpstein. During the hike more than **30 information boards** (as of now only in

German) are passed. These provide detailed information about the different vines, the production, the types of wines and the wine growers.

A special highlight is the **wine safe**. Pick up a wine backpack (price: CHF 19,-)* before starting the hike. The backpack can be picked up during the opening hours of the SBB counter at the train station (Mon- Fri: 6:45am – 6:30pm, Sat: 7:45am – 5pm, Sun: 7:45am – 12am and 1:15pm – 5pm)*.

*subject to change

Content of the wine backpack

This backpack holds, next to some information, some bread and mineral water as well as your key to the wine safe. Here traditional wines from the region, such as the Blauburgunder and Müller-Thurgau, can be tasted.

A small task will guarantee that no stop is missed. You will find ticket punches on some information boards about the wine growers. **Punch your flyer**, which you will get at the first three info boards, with the right hole at the right place and receive a discount when purchasing wine or eating a meal in selected restaurants.

Moreover art objects can be admired during the hike and different restaurants will be passed, which offer the perfect opportunity to stop for a lunch or a small break.

More information about the trail, wine and vineyards can be offered by the Weinweg Weinfeldern (contact below).

Have fun and enjoy this unique experience!

Cooled wine from the wine safe
